*Please call / email if you are interested in
signing up for our courses or to get more information on the courses.*

America's Boating Course – Spring 2009

Our **America's Boating** Course awards the NJSP boat safety certificate required in New Jersey to operate a vessel or personal watercraft. On and after June 1, 2009, **all** vessel operators must possess the certificate.

FOUR CONSECUTIVE NIGHTS

May 18 – 21 7:00PM

Montville Township Public Library

On-line registration at www.lackawanna.org is required by May 15

Seminars

USPS has a series of seminars covering specific topics of interest. Each seminar is taught in a single two-hour class. A student notebook is included, along with a take-away guide or other items useful on your boat. Each seminar provides credits toward the soon-to-be-released *Boat Operator Certification* program, and credit toward elective courses.

“Using GPS,” “Boat Handling Under Power,” “Knots, Bends and Hitches,” and “Trailer” will be held at Honeywell on Wednesdays (4/15, 4/22, 4/29, 5/06). Visit our website www.lackawanna.org to see costs and when each seminar will be held. To register for one or more seminars, follow the registration link for each seminar no later than the Monday of the week preceding the seminar.
