The Lighthouses of New Jersey will be the topic of our fall membership meeting. Bill Volpe, retired Assistant Controller, Rutgers University and ten year member of the New Jersey Lighthouse Society will present a program on the sentinels of our shores.

Bill's interest in photography has led him to capturing many lighthouses on film, several of his enlarged New Jersey images will be on display along with a diorama identifying many of our land and water based lights. In addition, Bill will give a short talk on these structures and show the video "Eye of the Mariner".

The New Jersey Lighthouse Society is a non-profit educational organization dedicated to the preservation of lighthouses everywhere, but particularly in the New Jersey, Delaware Bay and New York Harbor areas. The Society's annual Lighthouse Challenge (scheduled for October 15&16) invites the public to visit 11 land based lights and has generated over 85,000 lighthouse visits over the last five years.

Please join us for a
